

LOGITECH® DRIVING FORCE GT

PS3 racing gets real with the official wheel of Gran Turismo

Hold on to your seat. Designed from the pedals up for PLAYSTATION 3 and Gran Turismo, this racing wheel lets you feel every bump in the road, crash and tire spin with jaw-dropping realism. With true-to-life race car steering, shifting, braking and acceleration, your game gets so real you may want to buckle up.

FEATURE AT A GLANCE

Realistic force feedback

Feel every inch of the road for more control and gaming intensity.

Racing-grade wheel rotation

Go 2.5 times around from lock-to-lock—just as you would behind the wheel of a race car.

11-inch rubber-overmold rim

Large wheel gives you comfortable control and a slip-resistant grip.

24-position adjustment dial

Fine-tune your car's brake bias, traction control system and more while you drive.

Stay-put pedals

- True-to-life full-size pedals for precise throttle and brake response
- Carpet Grip System keeps pedals firmly in place

Sequential stick shift

Use the stick or the wheel-mounted paddles to select the perfect gear for each corner.
